

IEEE International Conference on Service Operations and Logistics, and Informatics 11 - 13 December 2023, Singapore

<https://2023.ieee-soli.org>

General Chair

Ian McLoughlin

Singapore Institute of Technology

General Co-Chairs

Huaqun Guo

Singapore Institute of Technology

Jianping Chen

Parametric Technology Corporation

Technical Program Chairs

Justin Dauwels

Delft University of Technology

Eyasu Getahun Chekole

Singapore University of Technology and Design

Publication Chair

Jiqiang Lu

Beihang University

Publicity Chair

Weizhi Meng

Technical University of Denmark

Communication Chair

Yongqing Zhu

Singapore University of Social Sciences

ITSSocietySingapore@gmail.com

Local Arrangement Chair

Andrew Keong Ng

Singapore Institute of Technology

Workshop Chair

Maode Ma

Qatar University

Special Session Chair

Elena Lisova

Malardalen University, Sweden and Volvo Construction Equipment, Sweden

Finance Chair

Rahul Singh

Continental Automotive Singapore Pte Ltd

Industry Session Chair

Ibrahim Venkat

Universiti Teknologi Brunei

Sponsorship Chair

TBA

International Advisory Committee

Takako Hashimoto

Chiba University of Commerce, Japan

Meng Lu

Peek Traffic B.V., Netherlands

Cristina Olaverri Monreal

Johannes Kepler Universitaet Linz, Austria

Brendan Morris

University of Nevada, USA

Bozenna Pasik-Duncan

University of Kansas, USA

Miguel Ángel Sotelo

University of Alcalá, Spain

Wei-Bin Zhang

University of California, Berkeley

The 17th IEEE International Conference on Service Operations and Logistics, and Informatics (SOLI 2023) will be held on 11 – 13 December 2023 in Singapore, organized by IEEE ITSS Singapore Chapter.

Service science, service operations, logistics, and informatics are playing an increasingly important role in today's world economy. Information, communication and security technology provides cyber-infrastructure and platforms to achieve more efficient, productive and safe service operations. New types of service offerings are also emerging to meet the needs of Smart Nation. This conference will provide an exciting opportunity for the academic and industrial communities to address new challenges, share solutions, and discuss future research directions towards a Smart and Sustainable Nation.

Topics interested include but are not limited to the following:

- Architectures, platforms, and solutions of IoT and IIoT
- Artificial Intelligence in Logistic and Sensing Network
- Artificial Intelligence in Cyber Security
- Applications of Data Science in Logistics
- Autonomous Vehicle Technologies
- Big Data and Smart City
- Blockchain
- Business Modeling, Monitoring and Management
- Cloud Computing
- Communication Systems and Networks for Smart City
- Cyber Physical Security
- Cyber Security and Data Privacy
- Electronic Commerce and Knowledge Management
- Information and Communications Technology and Systems
- Intelligent Transportation Systems
- Logistics and Supply Chain Management
- Mobile Internet, Cyber-Physical-Social Systems
- Antenna / RFID Technologies and Applications
- Robotics Technologies
- Security Urban Transportation Systems
- Sensors and Sensing Network for Smart City
- Service Delivery and Operations
- Service Design, Engineering, Operations, and Innovations
- Service/Event Management and Manufacturing
- Smart Home Technologies

Important Dates

Paper Submission Deadline	September 10, 2023
Notification of Acceptance	October 31, 2023
Camera-Ready Deadline	November 15, 2023
Special Session/Workshop/Tutorial Proposals	August 25, 2023
Notification of Acceptance	September 10, 2023

The **Best Paper** and **Best Student Paper** will be awarded during the conference. Registered and Presented papers will be submitted for inclusion into IEEE Xplore and indexed by EI Compendex.
